

LSC Strategy Headline Action	Project Title	Description of Activity	Contact Regional Project Officer
Headline Action 5: In 2009-10, the LSC will roll out models of collaborative working between our providers and Early Intervention in Psychosis (EIP) services and Child and Adolescent Mental Health Services (CAMHS).	Back on Track 2	Developing better partnership working between learning providers and EIP/CAMHS services, in order to support young people experiencing mental health problems to remain in education and training. Will also test out the flexibilities of the FLT in supporting this group of young people to achieve.	Clare Worrall clare.worrall@niace.org.uk
Headline Action 6: In 2009-10, the LSC will begin to explore and map models of integrated support that result in improved social outcomes and employment opportunities for people who experience mental health difficulties	Employability	Using the 'Take Ten People' resource pack to develop a integrated case work approach to supporting adults with mental health problems into employment, learning and skills. This project is particularly aimed at staff offering information, advice and guidance.	Ann Creed ann.creed@niace.org.uk
Headline Action 7: In 2009-10, the LSC will improve the take-up of work-based learning (WBL) opportunities by people with mental health difficulties. This will include the take-up of Train to Gain and volunteering.	Increasing take-up of work-based learning provision	Working with work-based learning providers to recruit and support learners with mental health problems.	Jenny Gartland jenny.gartland@niace.org.uk
Headline Action 10: In 2009-10, the LSC will work with our partner agencies such as health and social care providers, IAG services and user led organisations to stimulate demand for learning among people who experience mental health difficulties.	Stimulating demand for learning	Identifying ways to engage with, and develop ways to promote, learning and skills opportunities to individuals who are experiencing mental health problems.	Lin Westmoreland lin.westmoreland@niace.org.uk NB: The first meeting for the pilot sites involved in this project will be week commencing 13.07.2009
Headline Action 11: In 2009-10, the LSC will work with our partner agencies and providers to ensure that where learners choose they can declare mental health difficulties and trust that their needs will be met.	Declaring Mental Health Difficulties	Identifying ways to support people with mental health problems to make informed choices, and to feel safe, about declaring mental health difficulties in a learning situation.	Carol Taylor carolanne.taylor@niace.org.uk
