

# Access To Work

‘Working together to overcome  
barriers to work’

Steve Yensen

## What we do.

- Promote independence through work.
- Encourage inclusion.
- Support people through transition.
- Give people tools/support that enable rather than take over.
- Create sustainable employment
- Allow people to deliver.

# How do **we** do this ?

- **We:** is access to work and your organisation working together.
- Access to work want to showcase its services through your organisation.
- Offer support to people that are entering work or are already employed and face challenges remaining in the workplace and need support.
- Create a partnership of measures using your knowledge and access to work support.
- Give clear explanations of the benefits of AtW to the people you interact with.
- Be innovative in our thinking.

# Advantages to Employers

- Encourage and create diversity in the workplace.
- Having good disability employment practices shows you value your people.
- Supports staff retention and skill retention and not loose the investment made in the employee.
- Adds to your skills base.
- See through the disability to get the right person for the job.

# Can we work together ?

- Access to Work want to work with you.
- Access to Work want to support your employees.
- Access to Work want to be innovative in your area of business.
- Access to Work are a national team.
- What do you think !
